*School Cheer Non-Building & School Cheer Non-Tumble will not be broken down into Intermediate or Advanced.

**The grade of the athlete is based on the 2020-2021 school year grade.

***Each routine must not exceed a maximum time of 2:30 (2 minutes, 30 seconds), and routine structure can consist of Cheer/Music Combination or All Music

Cheer Champs Elite reserves the right to split, combine or open divisions at any time leading up to each event, as deemed appropriate.

Every member of a team representing a school must be enrolled at that school during the date of the competition, and must be on a team officially representing the school. Divisions are determined by the grade of participants at the time of the competition, regardless of the participant's current age. The competitor has to be in the grade for the appropriate division for the 2020-2021 school year. Members must be officially recognized by the competing school's administration as a member of the competing team's cheerleading squad.

The lowest official grade level for all athletes participating in a Varsity High School performance division is listed as 9th grade. The competitor must be an official member of the team for the school they are representing. * If a school district allows for athletes below 9th grade to compete at the high school level, then the athlete is eligible providing the schools administration provides a letter stating the current school policy surrounding eligibility of athlete. Proof is required.

Participants may not compete in multiple performance divisions within the School Cheer categories at the same competition. Participants may compete with the same school in a Performance division at the same competition. Participants are only allowed to compete with 1 school within a competition season.

A mascot will not count towards participant count in a performance division. Mascots cannot participate in stunts, pyramids and or tumbling skills. Mascots must be appropriately attired so their mobility, vision, etc. are not impaired.
